

2023 CAF IDAHO FLY FISHING CLINIC

Boise, Idaho, July 22-23

EXPERIENCE

CAF Idaho put on our first Boise Fly Fishing clinic, and the Boise River provided! Nearly all of the new anglers caught fish. Perhaps the surprise of the weekend was a literal machete that was caught off the bottom of the river - we'll be hanging on to that to use in a future jungle exploration clinic!

Floating past the site of the Idaho Outdoor Fieldhouse really put into perspective the awesome opportunities that we have to look forward to in the future.

BY THE NUMBERS

11 Adaptive anglers caught rainbow trout, cutthroat trout, and mountain whitefish.

Guides from Idaho Anglers as well as CAF Athletes / Mentors Ridley Brandmayr and Wes Atkinson taught the clinic.
