Our Mission

CAF's mission provides opportunities and support to people with physical disabilities so they can pursue active lifestyles through physical fitness and competitive athletics. CAF believes that involvement in sports at any level increases self-esteem, encourages independence, and enhances quality of life.

Our Need

Millions of individuals with physical disabilities do not have access to the critical adaptive sports equipment and programming needed to be active. Over the past two years, the CAF grant program experienced:

- **20% average increase on some of our most popular pieces of equipment**
- **Record number of grant applications received**

Your support is critical to continue current programming and clinics to allow for further expansion in the Greater NYC and Northeast Region.
